

# MISSION STATEMENT

Vectron is the preferred technology partner for Frequency Control, Sensor, and Hybrid Product Solutions. We help customers “Innovate, Improve and Grow” their businesses.

# QUALITY STATEMENT

Vectron is, and will remain, a world-class supplier to its global market and will apply innovative, forward-looking, ethical principles in complying with the requirements of that market. We are totally committed to recognizing the needs of our customers, and responding to those needs with superior quality, service, responsiveness and specification compliance. All of our employees are dedicated to these principles with total customer satisfaction and continual improvement as their constant goal.

HELPING CUSTOMERS INNOVATE, IMPROVE AND GROW
